Dear Hal=

Enclosed is a letter by myself to you on what I can recall of what Posner said when I was at the Green Apple Book store last September. You can use this in any way you need to.

I'll have another letter to you in a few days that will be more extensive with xeroxes of recent items I've come across. I just didn't have a chance to xerox them so I can't include them with this letter. (One of the items I'll be sending you is the article on Korff which also has a photo of him). I will send you more info on Korff if I do speak with him which I intend to in the near future.

Hope everything is alright with you and your wife.

Best,

Hal Verb
